JSfirm.com Partners with ATEC

Roanoke, Texas (January 14, 2020) - JSfirm.com is proud to announce The Aviation Technician Education Council (ATEC) as our newest Job Distribution Partner. This partnership allows job seekers to find the latest aviation opportunities directly on ATEC's website.

"JSfirm.com has been working with ATEC for a few years with the common goal of helping sustain the aviation industry. We are excited to expand our involvement with ATEC by adding them to our growing list of job distribution partners. ATEC understands the impact JDN partnerships have for both companies and job seekers in aviation, in particular, recent graduates new to the industry," said Abbey Hutter, Executive Director for JSfirm.com.

Crystal Maguire, Executive Director for The Aviation Technician Education Council, said "We are thrilled to be continuing and expanding our partnership with JSfirm.com. The ultimate goal of ATEC is to enable the aerospace community to meet its workforce needs; partnering with JSfirm.com helps us meet that goal by providing aviation maintenance students and alumni around the country with a free resource to connect with prospective employers."

ATEC members who utilize JSfirm.com will receive discounted rates on new purchases to advertise their open positions. In addition to providing aviation industry jobs to the ATEC website, JSfirm.com will provide ATEC with features such as spotlights on ATEC member jobs.

About The Aviation Technician Council

The Aviation Technician Education Council (ATEC) was founded in 1961. Its mission is to promote and support aviation maintenance technician education, with the ultimate goal of enabling the aerospace community to meet its workforce needs. The council actively engages with regulatory bodies to support an infrastructure that will create high quality technicians, provides resources, continuing education and networking opportunities to learning institutions, keeps the community informed of activities that impact technician education, and promotes careers in aviation maintenance.
