JSfirm.com: Everyone is Hiring

Roanoke, Texas (March 8, 2022) - JSfirm.com, the leading aviation job website and official Sponsor of HAI's Mil2Cil Workshop and Career Fair is reporting record numbers in the total number of aviation jobs posted.

JSfirm.com Executive Director Abbey Hutter said, "2022 is shaping up to be exactly as JSfirm.com predicted last year. Companies are scrambling and competing with each other to attract and retain qualified candidates. The current job market is candidate driven and they have plenty of job opportunities in front of them." She continued, "Helicopter related jobs make up nearly 40% of our jobs, that's why we're excited to sponsor the workshop and career fair. It's a no-brainer."

JSfirm.com is seeing a 30% increase in job postings compared to pre-covid numbers. The most in demand positions remain pilots, A&P/IAs, sheet metal technicians, avionics, engineering, flight instructors, dispatchers, line service, managers and sales/business development positions.

Aviation companies are constantly reaching out to our team and exploring different avenues on our website to gain more exposure and get their jobs in front of the best candidates. Competition between companies is fierce and showing no signs of slowing down.
