JSfirm.com Teams Up with Charlotte Technical College to Promote Aviation Careers

Roanoke, Texas (May 29, 2024) - JSfirm.com is proud to announce a transformative new partnership with Charlotte Technical College, expanding their Job Distribution Network (JDN). This partnership will allow students and alumni of Charlotte Technical College to directly explore Aviation Maintenance and Avionics career opportunities right on the college's website.

Charlotte Technical College is committed to providing industry-relevant aviation education and training that prepares students for real-world success. Through comprehensive programs that combine foundational learning, hands-on experience, and career development, the college equips its students with the skills and knowledge necessary to thrive in the aviation industry.

"We're excited to partner with Charlotte Technical College to provide valuable resources and support for aspiring aviation professionals," said Abbey Hutter, Executive Director at JSfirm.com. "This partnership enables us to further expand our reach while offering free job search tools directly through the college's website."

Stephanie Rusch, Career Specialist/Community Liaison at Charlotte Technical College, said, "Our mission is to prepare our students for success in the workforce. We want our students and graduates to have the strategies and the resources to find opportunities that fit their skills, qualifications, and future goals so that they can be successful and happy both personally and professionally throughout their careers. JSfirm is a great resource for our students, and this partnership is all about working together to get our graduates started on their chosen career path."

Through this partnership, Charlotte Technical Colleges' students and alumni can search for the latest Aviation Maintenance and Avionics career opportunities directly on their website. To view this new page, visit: ctc.yourcharlotteschools.net/118864_3

About Charlotte Technical College

Located directly on an active airport campus, our FAA-certified A&P program offers a dynamic learning environment where aviation comes to life. With small class sizes and a low student-to-instructor ratio, students receive personalized instruction and extensive hands-on training with real aircraft and components. Our curriculum emphasizes practical skills, technical knowledge, and industry readiness. Graduates benefit from job placement assistance and connections with regional and national aviation employers, setting them on a clear path toward successful careers as licensed A&P mechanics.

About JSfirm.com

JSfirm.com continues to be the world's largest resource for aviation jobs with resume database access and has exclusively served the aviation industry for over 25 years. It is a free service for job seekers and an out-of-this-world place for aviation companies to post jobs and search resumes. Please contact us at 724-547-6203.
