GAMA Partners with JSfirm.com: Opportunities in Aviation

Roanoke, Texas (July 23rd, 2019) – JSfirm.com announced their newest job distribution partner today at AirVenture: GAMA, the General Aviation Manufacturers Association. Through this partnership, job seekers are now able to view the most recent aviation opportunities and utilize the search feature to narrow jobs by category, keyword, location, or company name, directly from GAMA’s website.

“We are pleased to join with JSfirm to help highlight the great jobs available in the general aviation industry,” said GAMA President and CEO Pete Bunce. “This is another addition to GAMA’s ongoing efforts to build the aviation workforce we need today and into the future.”

“Our distribution partnerships help sustain our industry by promoting job opportunities through industry-leading associations like GAMA,” said Abbey Hutter, Manager of Marketing and Partnerships for JSfirm.com. “We are happy to team up with GAMA because we believe in their mission and vision for general aviation.”

GAMA member companies will have their job opportunities highlighted on the aviation job board on GAMA’s website, in addition to receiving a 20% discount on the purchase of new JSfirm.com job advertising packages.

Visit <https://gama.aero/opportunities-in-ga/aviation-job-board/> to begin your aviation job search.

About JSfirm.com

JSfirm.com continues to be the fastest growing aviation job website with resume database access and has exclusively served the aviation industry for over 20 years. It is a free service for job seekers and the go to place for aviation companies to advertise jobs and search resumes.

About General Aviation Manufacturing Association

The General Aviation Manufacturers Association (GAMA) exists to foster and advance the general welfare, safety, interests and activities of the global business and general aviation industry. This includes promoting a better understanding of general aviation manufacturing, maintenance, repair, and overhaul and the important role these industry segments play in economic growth and opportunity, and in serving the critical transportation needs of communities, companies and individuals worldwide.
